Plaintiff's motion respectfully to address the court

---

Now comes plaintiff Richard Hollerbach filling his motion to address the court with argument set forth below:

This facility has outside walking in the weather to get to any activity such as eating, pillwindow, clinic, library, church or any other activity that may occur. I've had pneumonia 4 times and C.O.P.D. with 37% of my lungs left and my immune system is not that good either. I'm 69 1/2 years old and my heart is overburdened by too much walking. I have a stent in my heart and need to be on a unit that is under one roof. I have 11 other inmates heads just 3 feet away from my own all night while asleep and with the coronavirus 19 virus still going strong with the flu season now at hand could be deadly in my state of health.

In the case Harris vs. Angelina County, Texas, 31 F 3d 331, Inadequate care for inmates with

special care needs helps support my case. Our health care on this facility falls short of what is needed for the elderly. I have been on Albutrol inhalers, emergency inhalers that relieve tensions on the lungs when breathing gets too tight for over 20 years at the rate of one inhaler per month. The Blanc facility has changed this to one every 180 days, 6 months. They have recently changed this back after many months of arguments with the clinic staff that this is not sufficient for my needs, I've tried to have them send me to a pulmonary specialist and they have denighed me more than once. My heart doctor in Galveston has put in for me to see a pulmonary specialist with the same results. The Estell Unit tried to give me an oxygen machine 5 years ago but I declined and told them when I felt the need for it I'd come get it. I told Dr. Mills to send me to Estell to pick it up and he told me if you get sick just come and see me. In other words he declined my proposal. Many instances happen continually at this facility too numerous to go into for me to write and I know your a busy man. I thank you for the time you have already spent.

Respect fully: R. N. Hollubach #1333826
